Trump's Interior Pick Says Climate Change 'Undisputable'

Allen &
Overy

Rep. Ryan Zinke, R-Mont., Donald Trump's nominee for interior secretary, parted ways with earlier comments by the president-elect by saying during Senate confirmation hearings on Tuesday that he doesn't believe climate change is a hoax, but suggested that there is still a place for fossil fuel drilling on federal lands.

EPA Says It Can't Pay For Gold King Mine Spill Claims

Bircham
Dyson

The U.S. Environmental Protection Agency on Friday said that it can't pay for any tort claims against it for its role in triggering the 2015 Gold King Mine disaster, despite the agency's long-standing assertion that it would take full responsibility for handling the spill.

BLM Venting Rules Take Effect As Court Case Continues

Buchan;
Ingersoll

Three Western states and industry groups lost a bid Monday to block a Bureau of Land Management rule aimed at limiting methane releases from drilling operations on federal and Native American lands from taking effect Tuesday while a Wyoming federal judge hears the merits of the case.

Judge Grants Stay In BLM Utah Land Row

Constan
Cannon

A U.S. district judge on Tuesday agreed to stay proceedings in a long-standing legal challenge to land use and travel management plans on about 10 million acres in Utah administered by the Bureau of Land Management, after the parties told the court last week that they had reached a settlement agreement in the suit.

Texas City Agrees To Overhaul Sewer System To End EPA Suit

The city of Tyler, Texas, agreed on Tuesday to pay a \$563,000 civil penalty and implement major upgrades to its sewer system to settle allegations brought in federal court by the state and the Environmental Protection Agency that it violated the Clean Water Act by allowing raw sewage to flow into two nearby creeks.

9th Circ. Won't Halt Ariz. Highway Project Near Tribal Land

Earthjus

The Ninth Circuit has rejected a bid from the Gila River Indian Community to halt work on a Phoenix-area highway project as it appeals a district court ruling that federal and state agencies took no shortcuts on environmental reviews when giving the project the go-ahead, while also consolidating the appeal with a similar one.

Enviros Urge Justices To Pass On Polar Bear Habitat Appeal

LAW
FIRMS

The Center for Biological Diversity is urging the U.S. Supreme Court not to upend a Ninth Circuit decision backing the U.S. Fish and Wildlife Service's critical habitat designation for the polar bear, saying the state of Alaska and other challengers have made too big of a deal out of the size of the habitat designation.

EPA Wants To Revise Haze Rules Over Texas' Objection

The U.S. Environmental Protection Agency and environmental groups have asked the Fifth Circuit to deny Texas' bid to throw out part of the federal government's regional haze plan, arguing that instead the EPA should be allowed to revise the plan on remand.

Fla. Counties Fight Dismissal Bid In Rail Bond Challenge

Two Florida counties on Monday shot back at bids to dismiss their suits challenging the U.S. Department of Transportation's approval of \$1.75 billion in tax-exempt bonds for a Miami-to-Orlando passenger railroad, saying the suits aren't mooted just because the approval of those bonds was replaced by another approval.

Evidence Substantiation Burden May Soon Shift To FTC

Allen &
Overy

To date, questions about how the Trump administration will impact the Federal Trade Commission have focused primarily on antitrust issues, but clues to how the new administration will affect consumer protection issues might be found by examining the record of former Commissioner Joshua Wright, whom Trump has named to lead the FTC transition efforts, say attorneys at Skadden Arps Slate Meagher & Flom LLP.

Amended Rule 37(e): 1 Year Later

Bircham
Dyson

After a full year in effect, the amended Federal Rule of Civil Procedure 37(e) has been tested in a variety of district courts. A sampling of these decisions reveals that courts seem to be adhering closely to the amended rule and ordering adverse inference instructions only where there was intent to deprive another party of access to relevant information, say Carrie Amezcua and Samantha Southall of Buchanan Ingersoll & Rooney PC.
